

The Sierra Club Three Lakes Group
Presents the Award-Winning Documentary

Two youth struggle within to find their role as they experience today the effects of the fossil fuel culture to the Ecuadorian culture and rainforest. The program will be 55 minutes plus some discussion.

Tuesday, February 9, 2016 @ 6:30 pm

Bayliss Library, Sault Ste. Marie MI

Affiliate of Superior District Library

Public welcome - donations appreciated

"It's our job to rally a movement in the coming years big enough to stand up to all that money, to profits of a sort never before seen on this planet. Such a movement will need to stretch from California to Ecuador..to, in fact, every place with a thermometer...it needs to remake the world in record time." --Bill McKibben
